Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-11 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 1, line 15 is not clear. The Applicant's representative discloses that the first segments extend radially inward from the commissure posts to the shaft member in its second position. However, the segments extend from post to post, instead of extending from post to the shaft member as disclosed by the Applicant's representative.

Allowable Subject Matter

Claims 12-37 are allowed.

Claims 1-11 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.
